

vSphere shows higher volume usage than ONTAP

https://kb.netapp.com/data-mgmt/OTV/VSC_Kbs/vSphere_shows_higher_volume_usage_than_ONTAP

Updated: Fri, 20 Jun 2025 11:36:31 GMT

Applies to

- VMware vSphere
- NetApp ONTAP

Issue

Volume/Datastore in vCenter shows usage at 100% when actually only 13% was used

```
cluster::> vol show -volume <volume_name>
```

Vserver	Volume	Aggregate	State	Type	Size	Available	Used%
Vserver	Volume	Aggregate	online	RW	30TB	25.81TB	13%
